# **Sustainable Development: a systemic, 360° thinking**

# Our Mission

To pass on a  
liveable world to  
**FUTURE GENERATIONS**

The Foundation for Future Generations trusts and supports the **new generation** of **YOUNG TALENTS** to develop their **ideas** and **concrete solutions** for tomorrow.

# Our Vision

To promote  
the **360° approach** and  
a systemic vision

To address the **major challenges**  
and **complex crises** of our time.

# Our Strategy

→ Our **specific strength**: identifying, supporting, and bringing together a new generation of young problem-solvers who are developing solutions for tomorrow, at **three key moments** in their journey.

**FOSTERING and BRINGING TOGETHER**  
A **NEW GENERATION** OF TALENTS
